Dear Mr. Prof. Dr. Richard Pibernik (as private and confidential)

Report: Course Evaluation, to the Teachers

Dear Mr. Prof. Dr. Pibernik,

this report contains the results of the automated evaluation of the course Design and Management of Supply Chains.

The global quality indicator displayed on the next page comprises the following two questionnaire dimensions:

- Course
- Lecturer

The report's second part lists statistical information on all individual questions. The value 1 represents maximum quality, the value 5 minimum quality - from a student perspective. You may examine the results of the evaluation using the different statistical measures provided, such as averages, standard deviations, histograms etc.

Finally, this report provides the student responses to the open-ended questions for further information.

We are convinced that this evaluation provides a good basis for further development of your course.

Yours sincerely,

Dr. Ulrich Winkler
Vice Dean Education

General Comments - constructive critics and suggestions welcome!

Please provide information on what you particularly liked about the course.

Best lecture in Master's Program !

Perfect JoS !!!

- Excellent course, especially Excel modelling
- Case Study Structure

The course was completely practical examples oriented.
The theory that was taught in the class was
very well applied in relevant practical examples.

Very good course

An excellent teacher -
Thank you very much for this
course.

Thank you very much

Please suggest specific measures to improve the course.

- First two lectures were not demanding and too general
→ Direct entry into challenging tasks and topics

The course can be made more mathematical.
