Your personal comments concerning the lecture

What aspects of the lecture and/or the lecturer do you like?

- sehr guter Vortragsstil
 - spannende Vorlesungen
 - interessante und aktuelle Themen
 - unterhaltsam
- viel Mathe, statt nur blabla
 - Praxiserfahrung
- Anschauliche Beispiele Gute Vortragsweise
- Best Prof ever.
- Clear
- Competence
- Everything esp. the cases
- Good sence of humor he knows what he's doing takes time to answer all of the students questions
- Gut aufbereitete Unterlagen, spannend und unterhaltsam
- He's really well prepared and is charismatic
- Highly interesting case studies, real practical conducted projects show how the theoretical knowdlege gained is applied in practice. The lecturer is easy to listen to and explains the contents in a manner that is easy to understand. Lecturer enters also into productive dialogue with students and reacts to their responds.
- I like the interaction between the lecturer and the students.
- Interactive Interesting
- Makes the lecture very interesting
- Motivation, he loves what he do and everybody can see that, which Is inspirational I like the idea of using case studies bc it's more relevant in practical knowledge
- Perfect english, good explanations, great Prof
- Prof Pibernick ist the best lecturer available here
- Sehr angenehme englische Sprache, das wurde ein wenig schlechter bei den Mitarbeitern. Aber kein Vorwurf, weil die Latte hängt sehr hoch..

Sehr positiv sind die zahlreichen praxisnahen und interessanten Cases und dereb ausführliche Bearbeitung. Das gibt es leider viel zu selten in Vorlesungen.

- Sehr gute Lehrkraft. Auch wenn sehr anspruchsvoll.
- Sehr gute und unterhaltsame Vorlesungen!
- The lecturer is very enthusiastic and encouraging, good in explaining even difficult models. Creates a pleasant atmosphere for the lecture.
- The professor prepared the course very carefully. The content ist interesting.
- The very interesting cases that we need to prepare almost every week

What aspects of the lecture and/or the lecturer do you not like? What improvements would you recommend?

- Explantions of exam questions are too fast and to vague
- - 15min statt 30min Pause (danach ist man einfach ausgeschlaucht)
 - zu viel zum Lesen
- sehr viele (zu viele) Cases, auch im Vergleich zu AOLM, MADM
- Bei den klausuraufgaben ist nicht immer deutlich ersichtlich, wie umfangreich die Antwort sein soll bzw. Auf was die Frage genau abzielt
- Combination of huge amount of literature/cases and English is really hard. Literature in German would be nice.
- Course tends to be a bit too long to stay focused throughout
- Die Vorlesung ist mit 4 Stunden einfach viel zu lang, wirklich sehr schade. Case Vorbereitungen leider zu viel Arbeit.
- Es wäre angenehm, alle Themen für das Bonus Assignment vor Weihnachten zu beenden. Dadurch könnte man dieses angenehm vor der "Lernphase" bearbeiten.
- Es wäre hilfreich, wenn sich mehr auf die Volesungsfolien bezogen worden wäre. Zum Teil war es sehr anstrengend der Vorlesung zu folgen und durch Folienbezug hätte man das Gefühl das Verpasste nachholen zu können,
- Get to the point faster
- If possible, structure lecture so bonus assignment can be completed earlier than January due to upcoming assignments
- Lectures by other employees of the chair are not as good and comprehensive as the ones of Prof Pibernik
- Mehr Struktur beim lösen der cases und der gesamten Materialien wäre hilfreich für die Vorbereitung Kürzere Vorlesungszeiten würden bessere Konzentration zur Folge haben
- Much effort, especially sometimes the homework
- The class is very long so there's a part of the lecture in which it feels a little bit monotone, I would also like more concrete things during class and not abstract concepts
- The course room is not really good (no daylight, very small space for taking notes, bad air). The big hall in the old IHK is definitely better.
- Too complicated
- Too long "homework"
- Too much cases and literature, 4 hours in a row is pretty hard
- Too much reading metials
- Workload to high After the break it sometime gets hard to follow, because of too much input
- Zu großer Umfang der Hausaufgaben. Lieber weniger und dann würden sie evtl auch mehr Leute bearbeiten und man könnte diese besser in der nächsten Stunde besprechen.
