10. **Information for Residency Classification:** A Florida 'resident for tuition purposes' is a person who has, or as dependent person whose parent or legal guardian has, established and maintained legal residence in Florida for at least twelve (12) months. Residency in Florida must be as a bona fide domicile rather than for the purpose of maintaining a residence incident to enrollment at an institution of higher education. To qualify as a Florida resident for tuition purposes, you must be a U.S. Citizen, permanent resident alien, or legal alien granted indefinite stay by the Bureau of Citizenship and Immigration Services. Other persons not meeting the twelve-month legal residence requirement may be classified as Florida residents for tuition purposes only if they fall within one of the limited special categories authorized by the Florida Legislature and Florida Board of Education. All other persons are ineligible for classification as Florida 'resident for tuition purposes'. Living in or attending school in Florida will not, in itself, establish legal residence. Student who depend on out-of-state parents for support are presumed to be legal residents of the same state as their parents (s.1009.21.F.S.).

Non-Florida Resident

(Exchange students on J-1 visas are classified as non-Florida residents.) I understand that I do not qualify as a Florida resident for tuition purposes for the term for which this application is submitted and that if I should qualify for some future term it will be necessary for me to file the required documentation prior to the beginning of the term to be considered for Florida resident classification.
